

Is your current multivitamin
REALLY meeting your
supplement needs?

Few people eat as nutritiously as they should for lasting wellness.

For adults, Health Canada suggests a minimum of seven servings of vegetables and fruits per day. More than 50% of Canadians don't meet this requirement!

Do you know where your minerals come from?

rock & salts

vs.

plant-sourced

Some minerals are derived from rocks, others are taken from salts, but Mannatech's minerals are plant-sourced, making it easy for your body to absorb them.

New research suggests that natural, plant-sourced minerals may be absorbed better by your body—so it makes sense to get them from natural forms, like plants.

So ask yourself: Am I giving my body the natural nutrition it needs? Probably not.

That's why every person needs PhytoMatrix™ caplets, Mannatech's most advanced multivitamin/mineral/phytonutrient product.

**Mannatech's PhytoMatrix caplets:
One of the world's first naturally
sourced multivitamin/mineral/
phytonutrient supplements**

Our PhytoMatrix caplets combine standardized levels of plant-sourced minerals, naturally sourced vitamin complexes and a blend of other fully standardized phytonutrients, including:

**Broccoli concentrate
Cranberry juice concentrate
Grape pomace extract
Aloe vera**

**These phytonutrients offer powerful
antioxidant protection for the maintenance
of good health.**

Mannatech's PhytoMatrix caplets also:

- Support your immune system
- Contain 13 highly concentrated, plant-sourced minerals derived from healthful, hydroponically grown mustard sprouts

Mannatech.
Live for Real.
HEALTH

Hydroponics is a technology for growing plants in nutrient solutions so that minerals can be absorbed into a plant-sourced form.

What are PhytoMatrix caplets?

Mannatech's PhytoMatrix caplets are among the world's first multivitamin/mineral/phytonutrient supplements created from plant- and food-based sources. They contain:

- **Vitamin A**—derived from mixed carotenoids—to support bones and vision.
- **Vitamin C**—derived from tropical acerola cherries, with 30 times more vitamin C per gram than an orange—to provide enhanced antioxidant support.
- **Vitamin D**—naturally present in few foods but essential for calcium absorption. The need for quality amounts of vitamin D is critical for older adults.
- **10 additional essential vitamins**—including a complete B-vitamin complex from natural yeast sources—to support normal energy production.
- **13 minerals**—pre-digested by hydroponically grown mustard seed sprouts—to offer standardized levels of minerals for the maintenance of good health.
- **Powerful, standardized phytonutrients**—derived from foods such as broccoli, cranberry juice and grape extract—to help the vitamins and minerals work together.

Mannatech's PhytoMatrix caplets are:

- Suitable for vegetarians
- Gluten-free
- Plant- and food-sourced vitamins and minerals
- Cutting-edge technology
- Tested and Certified by NSF International (an independent third party agency that develops standards and certifies products in more than 100 countries)
- Manufactured in conformance with federally established cGMPs (current Good Manufacturing Practices)
- 100% Satisfaction Guarantee*

* If not completely satisfied, contact Customer Care and return the product within 180 days for a full refund. See section 5.13 of the Associate Policies and Procedures or Mannatech.com for full details.

Why PhytoMatrix caplets?

Mannatech's PhytoMatrix caplets are a superior product because of the way we source our minerals: through hydroponics.

Hydroponics is a technology for growing plants in nutrient solutions so that minerals can be absorbed into a plant-sourced form.

What can PhytoMatrix caplets do for me?

Mannatech's PhytoMatrix caplets provide a great source of vitamins and minerals with these additional benefits:

- Natural ingredients are easy on the stomach.
- The B-vitamin complex helps keep you active by supporting normal energy production.
- Mannatech's PhytoMatrix caplets are gluten-free and user-friendly to vegetarians.

Take your first step toward wellness today.

Find out more about our company, our complete product line and the opportunities that await from the Mannatech Associate who shared this information with you.
