

Mannatech's Give for Real program is simple, yet powerful. You consume the nutritional products you need, and Mannatech helps a child in need.

Our goal is linking millions of consumers to millions of at-risk children around the globe. The concept of "Donation Through Consumption" means that as our consumer business grows, so does our giving—and we need your help to make this dream a reality. Now it's not just a company vision, it's a partnership with like-minded individuals—social entrepreneurs—interested in making a change for themselves and for others.

"I love being associated with a company that has a passion for bringing change to the world. It's not about being a great company... it's about being a good company. About doing good—all around the world."

Galen Lassiter

The World Health Organization has determined enriched grain-based cereals are not enough.¹

Industry has been called on to provide nutritionally dense, ready-to-use products to better address this need.

Mannatech has answered this call through the Give for Real program and its partnership with MannaRelief. With your support, we can help give these children the vitamins and minerals their bodies need to grow properly.

Mannatech is more than just another supplement company. We are an industry-leading pioneer of **Real Food Technology**® solutions. Our discoveries in aloe vera saccharide research and glyconutrition have led to products like Ambrotose® complex. Utilizing our Real Food Technology solutions, we are committed to your wellness through what we call our R4 Standards:

Reputation

- 100% Satisfaction Guarantee[†]
- 16-year history and publicly traded since 1999
- In 16 countries globally
- Current Good Manufacturing Practices compliant and a growing number of NSF-Certified products

Results

- More than 500,000 customers have experienced a new level of total wellness
- More than 20 studies presented at scientific meetings or published in peer-reviewed journals[‡]

Research

- More than 45 patents worldwide supporting Ambrotose technology
- State-of-the-art in-house laboratories
- Collaboration with scientists worldwide in advancing the study of glyconutrients

Resources

- Knowledgeable Customer Care team
- MannatechScience.org

MannaRelief[‡] is a nonprofit charity organization providing advanced nutrients to malnourished children and orphans around the world.

- Founded in 1999 by Sam & Linda Caster
- Touched the lives of more than 80,000 children in more than 80 countries world-wide
- More than 20 nutritional relief-oriented trips accomplished
- Approximately 2,000,000 servings of nutritional support given to date

[‡]Some studies may have been funded in whole or in part by Mannatech, Incorporated.

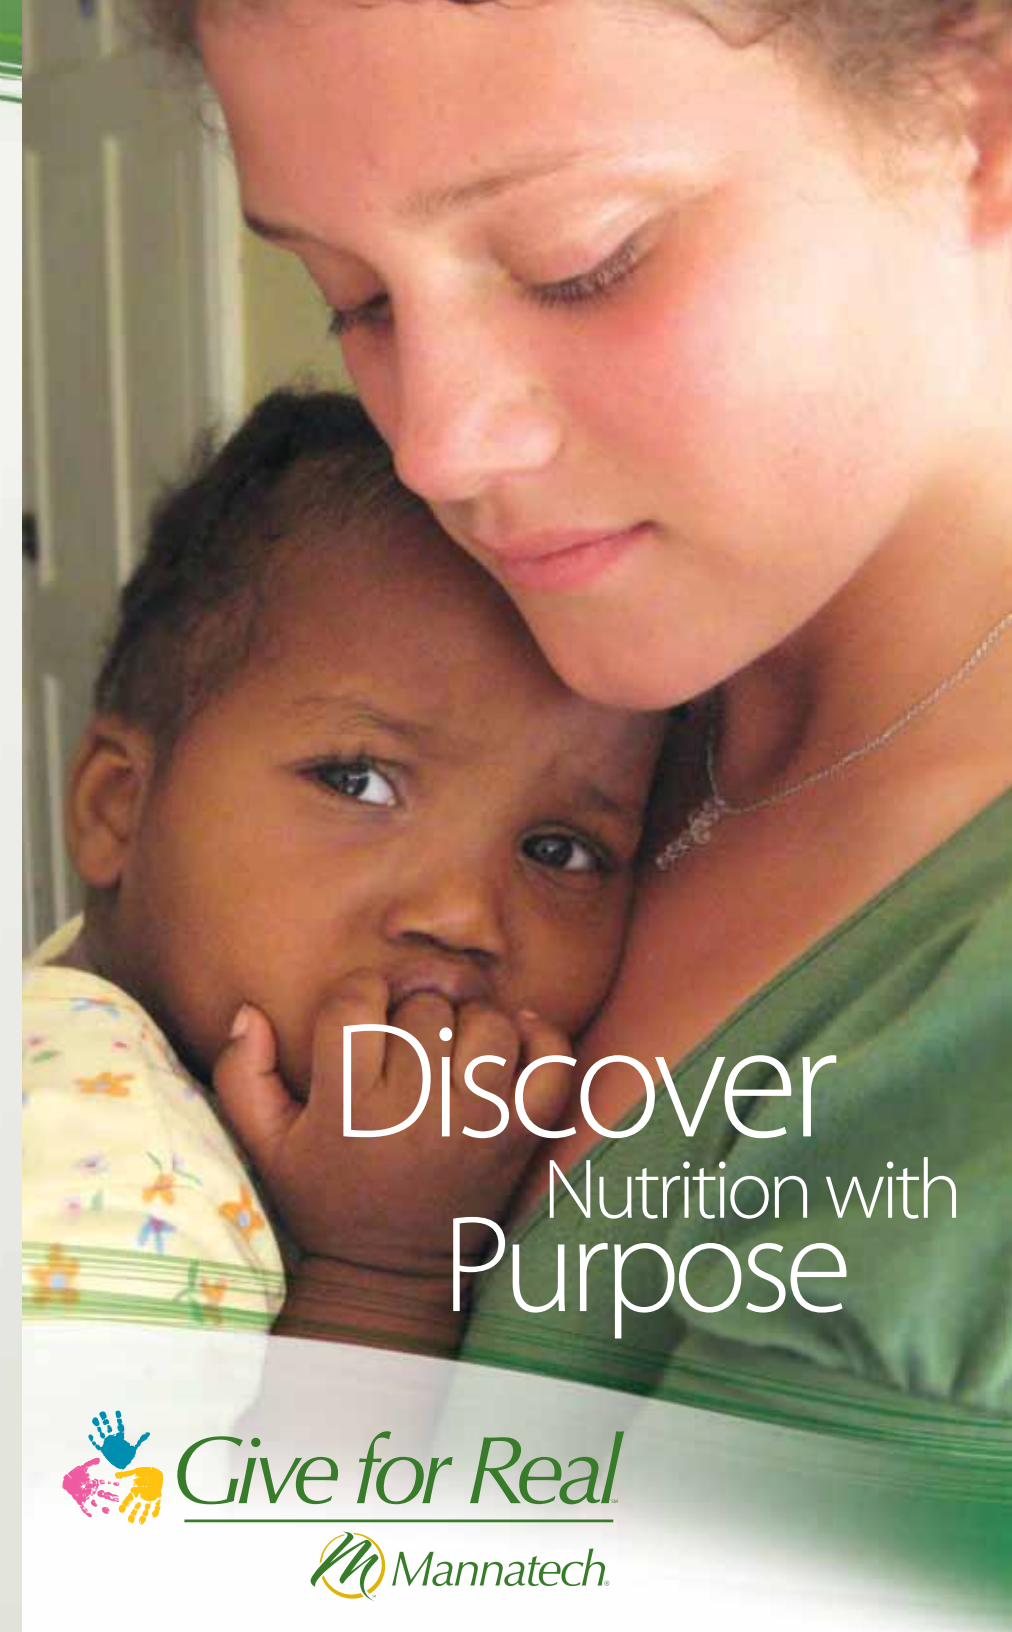

[†]Mannatech guarantees your full satisfaction. If not completely satisfied, contact Customer Care and return the product within 180 days for a full refund. See Mannatech.com for details.

[‡]MannaRelief is an independent, non-profit organization. It is not owned or operated by Mannatech, Incorporated.

Give for Real

Is It Possible to Turn Your Daily Routine into an Amazing Legacy?

What will you do today to improve your wellness?

Will you take a morning walk or jog? Enjoy a healthy breakfast on the back patio?

Or take your daily regimen of supplements that you know improve your day-to-day well-being?

And what if, in your family's daily routine, you've done something extraordinary without even knowing it?

What if—by the simple act of consuming product to improve your own well-being—you've reached around the globe and given this same amazing gift to a child in need?

How Mannatech Chooses to Do Business

First established in 1994, Mannatech has always been a company based on two things: The science and efficacy of our proprietary products and the passion to share them with the world.

In 1999, Mannatech founder Sam Caster along with his wife, Linda, founded MannaRelief.[†] This nonprofit organization works directly with orphanages in many ways. **Today, MannaRelief and Mannatech have partnered together to develop the new Give for RealSM program, designed to meet the needs of the most vulnerable at-risk children in the world.**

How the Give for Real Program Works

Participating in the Give for Real program is easy and convenient! In fact, there are only two steps:

- 1. Decide which products you want to consume every month**
- 2. Sign up for Automatic Order to receive a 10% discount and ensure you receive your products, at your doorstep, every 28 days**

Mannatech Does the Rest!

For every purchase on Automatic Order containing any one of the products shown below, Mannatech donates nutritional supplements formulated using Real Food Technology[®] solutions to at-risk children through the MannaRelief foundation.

We pioneered the concept of combining cutting-edge science with food-sourced ingredients to create the most nutritionally beneficial products for the human body.

We call that: Real Food Technology solutions.

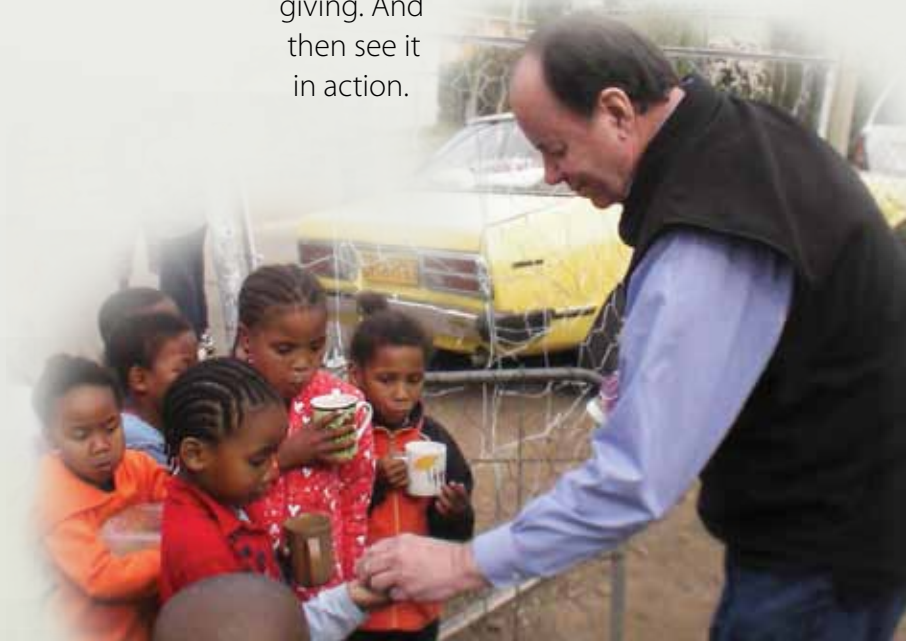

“When we simply observe the problems around us, we say, ‘That’s life.’

When we create the ability to solve those problems, we say, ‘That’s living.’”

Sam Caster, Founder of Mannatech

The Give for Real program isn't just about giving kids nutrition, it's about giving kids a chance to be kids!

Meet our founder, Sam Caster and listen as he details the road to our Give for Real program and how Donation Through Consumption can help consumers and social entrepreneurs alike make a powerful difference for children around the world in this movement of giving. And then see it in action.
